

2000- 2001 ANNUAL REPORT

COLLEGE OF THE SISKIYOU

Siskiyou Joint Community College District, an open-access, public educational district, dedicated to providing excellence in education, cultural enrichment, and service to the community.

ENVIRONMENT, TECHNOLOGY & ADVENTURES FOR LEARNING

PRESIDENT'S MESSAGE

The importance of the economic impact the College of the Siskiyous makes to its service area is evident throughout this report. Student opportunities and achievement are supported through the Foundation's careful stewardship of locally generated scholarship funds. Faculty and staff support our K—12 schools and local agencies by lending their expertise and talents and serving on community boards. Administrators seek out and develop opportunities for partnerships that make the resources of the college available to the economic development initiatives of the region. Through new grants, we create new jobs for local citizens and expand our services networks. The Trustees have oversight and policy responsibility for all the college undertakes. Together, as this report demonstrates,

we work to meet our goals of helping our service area prosper.

Martha Romero, Ph.D.
Superintendent//President
College of the Siskiyous

MILESTONES

California Assemblyman Richard Dickerson was the Keynote Speaker and Juanita Whitworth, Yreka, was the student speaker at the 2001 Commencement Ceremony.

Associate of Arts degrees were presented to 166 graduates and 137 received program certificates.
